## COOL THREADS

R450+ TriStand  
sold separately

700PD

 **WHY REED?** statements outline key competitive advantages of Reed products in its new 68 page catalog.

### 700PD POWER DRIVE

- Ships with FREE safety vise!
- Adapts to power RIDGID® brand 141/161 geared threaders.
- Uses Reed R12+ Segmental Dies and Dropheads or RIDGID® brand 12R dies and dropheads.

### OLBUCKET1 OILER SYSTEM

- Includes an all metal bucket and a metal chip tray.
- Longer 60" hose for user convenience.
- Sturdy, turned aluminum nozzle is stronger than competitor versions.

### 701PD POWER DRIVE

- Ships with FREE safety vise!
- Great for overhead work due to its light weight (15.9 lbs).
- Speeds of 25 RPM forward and 60 RPM reverse.

The R811 head offers positive alignment, die lubrication, size selection, and quick, manual release. The full line of Universal Dies made from alloy and high-speed steel gives clean threads and long die life.

## UNIVERSAL HEAD & DIES

This system effectively delivers threading oil to piping work. All steel unit with heavy-duty gun. Reed's OLBUCKT1 includes one gallon of Reed Threadguard Cutting Oil.

## OLBUCKT1 OILER SYSTEM

## R12+ DROPHEADS

The unique design of the dies enables better chip flow and easier cutting. Reed dropheads are up to 10% less expensive than comparable 12-R dropheads with HSS from RIDGID®. R12+ Dropheads can be used manually with the ratchet ring and handle or with Reed's 700PD or 701PD Power Drives. The R12+ Dropheads can also be used in the RIDGID® brand 700 Power Drive.

RIDGID® is a registered trademark of RIDGID, Inc., and is used with permission from the Ridge Tool Company.
