Portable ROLL GROOVERS

Fire Sprinkler Tools

videos.reedmfgco.com/rollgroovers

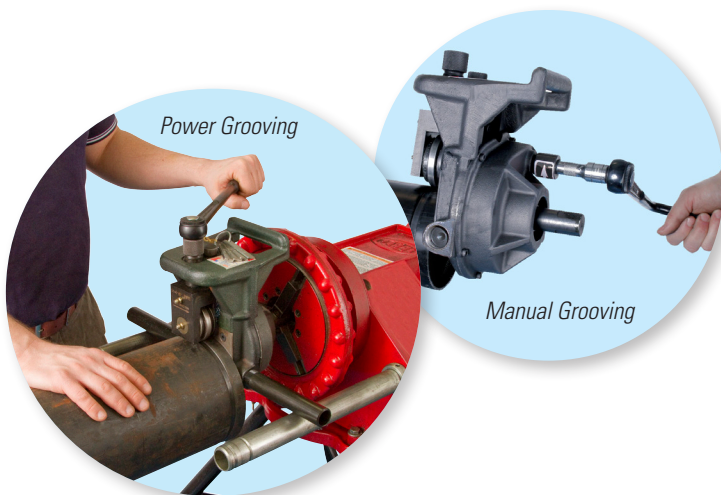

RG26S

- In-place groover.
- RG26 models use angled rollers that keep the tool on the pipe and in-line.
- Groover does not "walk off" the pipe.
- 2" - 6" (51-152 mm) capacity for Schedule 5S to 10S steel, stainless steel, PVC and aluminum.
- 2" - 3" (51-76 mm) capacity for Schedule 40.
- Easy-to-use ratchet handle (included) for low clearance applications and hard-to-reach places.

RG6S (shown with 5301PD Power Drive)

- Compact design features heavy-duty, sealed and replaceable bearings and bushings.
- 1¼" - 6" (32-152 mm) capacity for Schedule 5S to 40 steel, stainless steel, PVC and aluminum.
- Solid steel construction.
- Ratcheting feed wrench included.
- Fits Reed 5301PD or RIDGID® brand 300 power drives.

RGCOMBO2

- Performs both power and manual roll grooves with ease.
- Consistent tracking and enclosed gears deliver rugged performance over the long haul.
- 1¼" - 6" (32-152 mm) capacity for Schedule 10 to 40 steel, stainless steel and aluminum.
- Use with Reed 5301PD Power Drive or also fits RIDGID® brand 300 power drives.
- Angled handle for easier manual grooving. Straight handle works for power grooving.

✓ WHY REED?

Tripods & Pipe Jacks

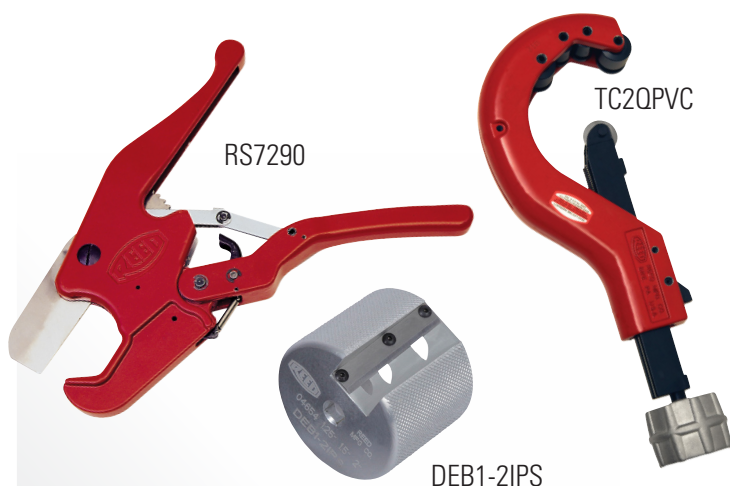

- **Reed Tripods** are the sturdiest on the market. Double-sided jaws, adjustable tray clamp, padded handle and 6" (178 mm) pipe capacity.
- **Pipe Jacks** support up to 2500 lbs (1135 kg) and up to 36" (914 mm) pipe diameter. Built-in safety mechanisms eliminate hand injuries during adjustments on head position.

Learn more about **Reed Hydrostatic Test Pumps**. Reed offers drill-powered, electric and manual models. Visit www.reedmfgo.com or watch videos.reedmfgo.com

Hinged Cutters

- Another Reed invention that needs only 4" (102 mm) of clearance around pipe.
- Efficient handle swing of only 90° to 110° to cut steel, stainless steel, cast and ductile iron pipe.
- Can be used anywhere - in the ditch, underwater, overhead and in racks of pipe!

Helpful Fire Protection Pipe Tools

- RS7290 Ratchet Shears for PE, PP, PEX, ABS, PVC, similar soft plastics and rubber materials up to 2" nom. IPS (up to 63 mm O.D.) capacity.
- TC2QPVC Quick Release™ Tubing Cutter for PVC pipe 1/4" - 2 5/8" (6-67 mm) capacity.
- DEB1-2IPS Debrurring Tool for PVC, CPVC, PE, ABS and PP with three sizes in one tool: 1/4", 1 1/2" and 2".

Oilers

- Gun-and-trigger approach makes it easy to pump oil directly on the work.
- Rugged and completely portable Reed OLBUCKET1 comes with a 20-gauge steel bucket and steel drip pan/chip tray along with oil gun, a 60" industrial-grade hose and one gallon of dark oil.
- Sturdy nozzle made from solid aluminum (not made from thin tubing).
