Non-Marking EHT Rubber on Nylon

The RWM Signature™ Premium Wheel has a light-weight, reinforced offset nylon core with a high strength non-marking elastomeric rubber tread. The round tread provides easy rolling. Our durable nylon core is six times stronger than polypropylene. The performance rubber tread is cut, tear and corrosion resistant and will not chunk out. It has the highest strength-to-weight ratio than any other wheel in the industry and provides excellent floor protection and noise reduction.

SW2

Applications

The RWM Hand Truck Signature™ Premium Wheel is ideal for:

- two wheelers
- convertibles
- all material handling carts

Features

Wheel Bearing: Precision flanged ball bearing
Temperature Range: -40° to 200°F
Hardness: 70 Shore A

The SW1 and SW2 wheels are for hand trucks only.
