

## ***New Product Information***

### **OptiClear® Multilane Internal SAS / SATA**

**Part Number: 366-3099-963**

Description: (8) pair 30 AWG 100 ohm SkewClear® with (6) 30 AWG sideband signals

### ***Features:***

- Smallest diameter package available in the market to support multilane internal SAS / SATA (5mm)
- Flexible cable routing throughout cabinet to aid airflow
- Durable double layer polyester heat-sealed jacket for excellent abrasion and cut-through resistance. Easy to strip with simple hem ripper tool
- Eliminates need for nylon “snakeskin” type sleeving on the assembly
- Double drain wire design per SATA standard, with drains on inside of pair
- RoHS Compliant
- Packaging: Up to 5000 ft / plywood reel. Contact sales for options
