Team USB Drive Color Series | C156

Rectangular and minimalist design elements

C156 is using USB 2.0 standard. The exterior is made out of high quality matte metal to give it a low key luxurious feel.

COB assembly process offers all around protection in waterproof, dust-proof and shockproof

It has the same unibody design and COB assembly process, which offers all around data protection including splash proof, dust proof, shockproof, etc. The data will be safe and secure even from limited external damages.

Best partner of storage for mobile devices

Through plug and play design, it is able to immediately expand the storage capacity of desktop and laptop.

Delicate, compact and easily portable

With its rectangular and compact body, C156 USB drive is not only a space saver on car, it also supports various types of car audio systems with built in USB ports, allowing you to easily enjoy a wonderful musical feast even while you on the move.

Main Feature

- Rectangular and minimalist exterior design that you will never get tired of seeing.
- High quality and tough Zinc Alloy material. Capless design eliminates the problem of losing the cap.
- Compact and lightweight body makes it easy to carry around and storage
- Unibody design and COB assembly process technology offer excellent capabilities of water proof, dust proof and shockproof.
- Product warranty – lifetime warranty with free technical support service.
