

Charging Cable | WC02

2 in 1 connector. Perfectly compatible with iOS and Android. A thoughtful strap design prevent from losing

WC02 is built in with Lightning and Micro USB dual connector. When you have mobile devices in both systems, the cross system compatible WC02 is all you need and spare you the trouble of purchasing another connector. Moreover, with the thoughtful strap design, you don't have to worry about losing it anymore.

**100 cm length is optimal for anywhere use
No more frayed cable with nano grade reinforcement**

With nano grade reinforcement at the connector, and with the cable core covered by high abrasion resistant PVC material, our sturdy, stable and durable lightning cable won't be broken even by strong pulling.

Support charging and data transfer simultaneously.

2.4A fast charging is available

It supports data transfer and charging simultaneously. While you watching videos and photos, your smart phone or tablet is still being charged. It allows you to enjoy your life without interruption.

Premium grade copper wire for an even better charging performance

The inside of the cable is made of high density and conductivity copper wire material to decrease electrical impedance and reduce the power consumption caused by transferring through wires. Now you can have a faster and smoother charging experience.

Compatible with every type of Apple product. Perfect companion for Apple fans

WC02 can be used for each Apple device with Lightning port equipped, such as iPhone, iPad, iPod.

Apple MFi certified. Unlike knock offs, compatible with latest version of iOS is ensured

Apple MFi certified. No matter which version of iOS you upgraded to, WC02 will still be working and smooth as ever. You won't have to use useless cheap knock off cables anymore.

Launch in multiple colors

Get ready for a colorful summer

WC02 will be launched in Black, White, Blue, and Pink, a total of 4 eye catching colors. Color matching with your mobile devices and be the focus of everyone's attention.
