Metallic Lightning Cable

Charging Cable | WC01

**100cm length is optimal for anywhere use Reinforced braided cable. Sturdy and pulling resistance**

WC01 is built with super reinforced braided mesh nylon to strengthen the cable and provide customers a military grade cable that is solid, stable, abrasion resistant, and long lasting even facing strong pulling and bending.

**A high quality aluminum unibody connector that's both solid and trendy**

WC01 has an all-aluminum unibody connector that is not only fashionable, but also color matching with your iPhone/iPad. Moreover, it has been tested numerous times on plug in and pulling to ensure its quality is both solid and durable.

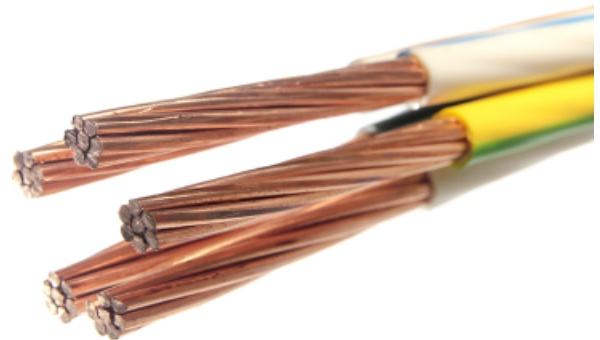

**Support charging and data transfer simultaneously.**

**2.4A fast charging is available**

It supports data transfer and charging simultaneously. While you watching videos and photos, your smart phone or tablet is still being charged. It allows you to enjoy your life without interruption.

**Premium grade copper wire for an even better charging performance**

The inside of the cable is made of high density and conductivity copper wire material to decrease electrical impedance and reduce the power consumption caused by transferring through wires. Now you can have a faster and smoother charging experience.

**Compatible with every type of Apple product. Perfect companion for Apple fans**

WC01 can be used for each Apple device with Lightning port equipped, such as iPhone, iPad, iPod.

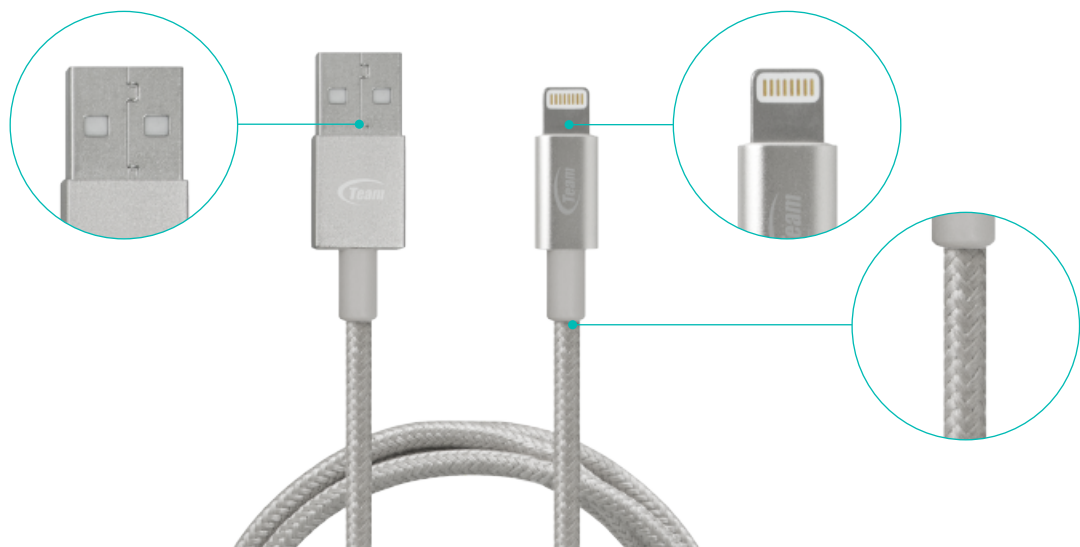

**Apple MFi certified. Unlike knock offs, compatible with latest version of iOS is ensured**

Apple MFi certified. No matter which version of iOS you upgraded to, WC01 will still be working and smooth as ever. You won't have to use useless cheap knock off cables anymore.

**Multiple colors are available to perfectly match with your iPhone**  
WC01 will be launched in Grey, Gold, Silver, and Rose Gold, total of four colors. Its elegant look will make your iPhone / iPad the focus of everyone's attention.

**Interface**
