WP8000

8000mAh POWERBANK

Power Bank | WP8000

Ultra compact size
for convenient portable use

By using ultra-thin lithium polymer battery and built with ultra-lightweight aluminum alloy, it allows you to easily carry around a high capacity power bank without feeling any extra weight.

Three trendy colors
that will make you a fashion icon

WP8000 is especially designed for trendy people like you. It has three colors to choose from: Golden, Silver and Gray. This power bank is not only your portable battery charger, but it is also an eye catching fashion accessory.
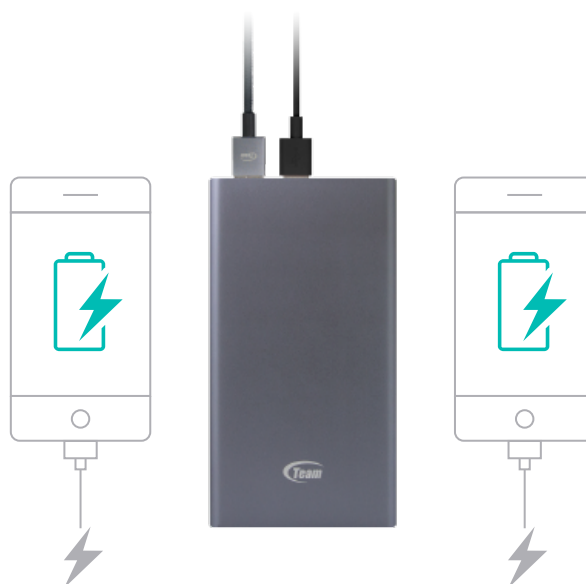

Full aluminum casing that has the same excellent craftsmanship as Apple products

The unibody aluminum casing is shaped from CNC high precision metal cutting. With anodizing process, it not only gives WP8000 a low-key luxurious feel, but also provides functions of scratch proof, fall resistant, sweat resistant, and corrosion resistant.

Dual power output charge two devices simultaneously

Dual USB output ports design allows you to share your battery power with your friends. While enjoying the elegant design of WP8000 together, it can also quickly extend the battery life of your smartphones and tablets.

Fast Charging
INPUT/OUTPUT
⚡2A⚡

Charging two times faster with high current output

Rapid charging support offers up to DC 5V/2A power output and input. It can effectively reduce charging time and quickly recharge your mobile devices or WP8000.

Plug in and it is ready to work automatically

With built in smart detection function, power will be turned on automatically for charging when connected with a mobile device. After fully recharged or disconnected, WP8000 will also turn off the power by itself.

*The cable in right figure would not be supplied with WP8000. please contact with your local distributor for purchasing.

Large battery capacity gives you the power to go anywhere

4 level battery power indicators with bright white LED displays the remaining battery capacity of WP8000.

*The left figures are laboratory measured values, the actual use will be slightly different depending on the circumstances.

Compatible with all brands of mobile phones and tablets
Auto adjustment for output voltage

WP8000 is not only compatible with every brands of mobile phones and tablets including Apple, Samsung, LG, HTC, ASUS, Mi, etc., it can also automatically adjust output voltage specifically for each different device to achieve best charging efficiency.

short-circuit protection

over-discharge protection

current leakage protection

over-temperature protection

overvoltage protection

overcharge protection

over power protection

automatic power-off during abnormal status

Carefully selected smart electronic component for complete safety protection

WP8000 is using newest smart control chips and charging/discharging chips. It not only maximizes charging efficiency, but also provides 8 major circuit protection mechanisms: overcharge protection, over discharge protection, overvoltage protection, over power protection, current leakage protection, short circuit protection, over temperature protection and automatic power off during abnormal status.

Main Feature

☐ Ultra-thin design offers excellent portability
☐ The fashionable aluminum housing finish with refined taste
☐ DC 5V/2A power input and output enable the fast charging
☐ Dual USB outputs able to charge two devices simultaneously
☐ Built-in the functions of smart identification and auto power on / off will offer users a convenient experience.
☐ World-class circuit chip protection allows you to use safely without worries
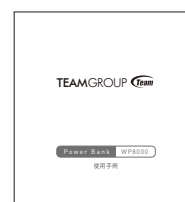

Specification

| Item	Specification
Model	WP8000 (WP06)
Battery Capacity	8000mAh / 3.6V (28.8Wh)
Power Input	DC 5V/2A
Power Output	DC 5V/2A，DC 5V/1A (Total MAX. 2A)
Battery cell	Li-Polymer
Interface	USB x 2，Micro-USB x 1
Dimensions	76.7 x 10.4 x 142 (mm)
Weight	216.8g
Warranty	1 Year
