

Lightning Flat Cable WC08

Made for
 iPod  iPhone  iPad

Charging Cable | WC08

Integrated Connector design Strong and Durable !

WC08 Cable' s connector is totally strong, stable and durable by all in one design, also it has been passed strict plug test. Quality Guaranteed.

It won't be break under strong pull out and tear

Nanoscale strengthening treatment and outer high wearable material, combined with tough, solid, durable in one.

Support charging and data transfer simultaneously. 2.4A fast charging is available

It supports data transfer and charging simultaneously. While you watching videos and photos, your smart phone or tablet is still being charged. It allows you to enjoy your life without interruption.

Premium grade copper wire for an even better charging performance

The inside of the cable is made of high density and conductivity copper wire material to decrease electrical impedance and reduce the power consumption caused by transferring through wires. Now you can have a faster and smoother charging experience.

Compatible with every type of Apple product. Perfect companion for Apple fans

WC08 can be used for each Apple device with Lightning port equipped, such as iPhone, iPad, iPod.

Apple MFi certified. Unlike knock offs, compatible with latest version of iOS is ensured

Apple MFi certified. No matter which version of iOS you upgraded to, WC08 will still be working and smooth as ever. You won't have to use useless cheap knock off cables anymore.

Made for
 iPod  iPhone  iPad
