

COLOR SERIES

C161

USB Drive | C161

Team USB Drive Color Series | C161

A Combination of Cold Metal and Minimalist Colors

Team Group combines tough metal and soft colors, two conflicting elements to create C161: USB drives that are both durable and gentle.

It is using the color combination of Minimalist White and Active Blue to add young and lively elements to the design. Transfer interface is also changed to USB 2.0 which is closer to the needs of major consumers.

Ergonomic structure design, for even easier, more comfortable use

C161 USB drives also improve the convenience of users by adding an ergonomic structure design at both sides of the bottom for even easier, more comfortable use.

COB assembly process which offers an all-around protection in waterproof and dust-proof

Its unibody design and the COB assembly process offer capabilities of splash proof, dust proof and shockproof, so the data will be safe and secure even from external damages. With the plug and play design, it is able to expand the storage capacity of desktop and laptop at any time.

Main Feature

- Design with a combination of cold metal and minimalist colors
- Ergonomic structure design at both sides of the bottom for easier, more comfortable use
- High quality and tough Zinc Alloy material. Capless design eliminates the problem of losing the cap
- Unibody design and COB assembly process technology offer excellent capabilities of water proof, dust proof and shockproof
- Product warranty – lifetime warranty with free technical support service

Specification

Item	Specification
Model	C161
