

MiDRIVE

Extended MAC storage capacity

Memory Card | MiDRIVE

Memory Card Series MiDRIVE

Ultra fast transfer speed and super large storage capacity

The combination of MiDRIVE and UHS-1 high quality memory card is capable of providing read speeds up to 60MB/s and write speeds of up to 20MB/s. It gives consumers an enjoyable high performance experience while accessing any type of high definition digital images and video files. Users can choose between 64GB or 128GB of large capacity memory cards according to own personal needs. You never have to worry if your MacBook's storage capacity is insufficient or not.

Seamlessly expand your storage capacity

It's the most convenient and simple method to instantly increase MacBook's internal storage capacity up to 128GB. MiDRIVE is also designed to seamlessly insert into the MacBook. This allows you to have both convenience and a sleek design while improving work efficiency.

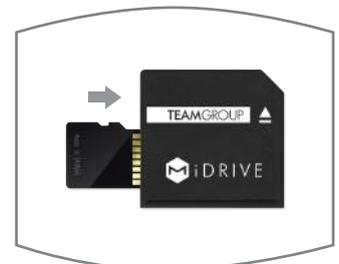

Main Feature

- Extended MAC storage capacity
- Low-profile design and grooves for easy removal
- Removable microSDXC Card for Versatility

Notes: Only Team Group MiDRIVE flash card is being recommended to use with the device.

Specification

Item	Specification
Model	MiDrive
Interface	SD standard Rev. 3.0 – with backwards compatibility to SD standard Rev. 2.0
Capacity	64 / 128GB*
Weight	3g (with microSDXC)
Dimensions	23 x 24 x 2.1 mm
Operation temperature	0°C ~ 70°C
Data transfer rate	Up to 60MB/s read speed **
Compatibility	Macbook Pro 13" / 15", Air 13" and Pro 15" Retina (not compatible with MBP 13" Retina / MBP 15" Retina 2013***) MiDrive adapter is backed by a one-year limited warranty.
Warranty	The included microSDXC memory card is backed by a lifetime limited warranty.

Notes: *1GB=1,000,000,000 Bytes. In OS system, it would be displayed as 1,000,000,000 Bytes / 1024 / 1024 / 1024 = 0.93GB

**Transmission speed will vary according to different hardware / software conditions, therefore the data can only used for basic reference.

***MiDrive is compatible with MacBook Air/Pro computers with SDXC memory card support. The removable microSDXC card works with microSDXC compatible devices. other relevant information, please refer to the compatibility list

Match It

Model	MiDRIVE 64GB	MiDRIVE 128GB
MacBook Air 13"	Late 2010	⊙
	Mid 2011	⊙
	Mid 2012	⊙
	Mid 2013	⊙
	Early 2014	⊙
MacBook Pro 13"	Early 2011	⊙
	Late 2011	⊙
MacBook Pro (Retina) 15"	Mid 2012	⊙
	Mid 2014	⊙
MacBook Pro 15"	Early 2011	⊙
	Late 2011	⊙
	Mid 2012	⊙

*Late 2010, Mid 2011, and Mid 2012 MacBook models have reduced performance due to the card reader only supporting up to USB 2.0 transfer speeds.
