Minimal design with fashion elements

Exquisitely built with originality, the black and white piano keys-like C171 USB drive's design concept is fused with color aesthetic and fashion trend. The black and white, minimalist C171 has a compact streamlined unibody. The color choice includes: crystal carbon black with golden letters, creating a remarkable aristocratic atmosphere; ivory white matches up with rose gold to express the fashion aesthetic luxury and leads a new trend.

Three excellent protective functions

C171's unibody design and COB assembly process offer all-around data protection including water proof, dust proof, shock proof, etc. to ensure data security and reliability. Through plug and play design, it is able to immediately expand the storage capacity of desktop and laptop.

Mini size and easy to carry

With C171's sleek one piece capless design, and its lightweight and compact size, it is easy to carry around and storage. It is not only a space saver on car, but also supports various types of car audio systems with built in USB ports, allowing you to easily enjoy a wonderful musical feast even while you are on the move.

Thoughtful strap hole design

The thoughtful strap hole design at the end makes it easy to carry around. It not only offers convenience for users to store their multimedia files, or access briefing materials, but it can also bring you more personal style and turning into a mini fashion accessory to build up your own black and white sleek style.

Main Feature

- Fashion and minimal design
- Capless design prevents the problem from losing the cap
- Mini size and easy to carry
- Excellent capabilities of water proof, dust proof and shock proof
- Thoughtful strap hole design
- Lifetime warranty and free technical support

Specification

ITEM	Specification
Interface	USB 2.0
Capacity	4/8/16/32GB*
Color	Black \ White
Power	DC +5V
Product Dimensions	34.10(L) x14.50(W) x 6.10(H)mm
Hot Plug	YES
Weight	3.5g
Warranty	Lifetime warranty
System requirements	Windows10, Windows® 8.1, Windows 8, Windows 7 Windows Vista® \ Mac OS X v.10.6.x+ \ Linux v.2.6.x+

*1GB=1,000,000,000 Bytes. In OS system, it would be displayed as 1,000,000,000 Bytes/1024/1024/1024 = 0.93GB.

**Transmission speed will vary according to different hardware / software conditions, therefore the data can only used for basic reference.
