# Memory Card Series

## Xtream Micro SDXC UHS-II U3

### Boundary Breaking High Speed UHS-II Micro SD Memory Card Captures Every Exciting Moment

Team Group's UHS-II micro SD memory card series can be used on cameras and handheld devices that support UHS-II. It is also compatible with UHS-I Class 3. With read/write speed of up to 250MB and 100MB, it is 3 times faster than UHS-I and it can satisfy high resolution device's transferring requirement of large media files. Its excellent performance allows professional photographers and film producers to shoot videos and photos in Full HD, 3D or 4K without any worries and obtain the best working efficiency.

### Ground Breaking Technology Redefines the Speed Limit of Micro SD Card

Team Group UHS-II micro SD memory card uses UHS-II Bus I/F. It is compliant with SDA's (Secure Digital Association) SD 4.0 specification which supports high speed burst shooting and recording. With the included UHS-II SD adapter, it is applicable for both micro SD & SD card interface and it can also satisfy consumers' need for sharing one memory card with multiple devices. This product is definitely the best choice for UHS-II & UHS-I devices.

### Overwrite Your Stereotype Image of a Memory Card

The stereoscopic linear design with bright color gradient transforms a dull memory card into a COLOR CARD with sleek 3D visual impression.

### Contribute in Helping the Planet with an Eco-Friendly Product

By adopting new printing technology, not only the color inkjet heat transfer printing is screen free, but we are also using eco-friendly inks. We are inviting you to contribute in helping to protect the environment with us.

## Main Feature

- Extreme speed of 250MB/s reading and 100MB/s writing
- UHS-II ultra high speed Bus I/F. Supports UHS Speed Class3 (U3) specification
- Easily satisfying professional photographers' need in Full HD, 3D, 4K recording
- Applicable for all devices support SDHC, SDXC, UHS-I, UHS-II, etc.

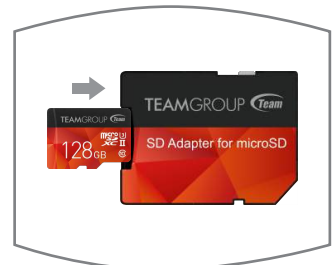

## Specification

Item	Specification
Model	Xtream Micro SDXC UHS-II U3
Capacity	64GB / 128GB*
Write Protect	Micro SD (NO) Micro SD to SD Adapter (YES)
Weight	1g
Voltage	2.7V ~ 3.6V
Operation Temperature	0°C ~ 70°C
Storage Temperature	-40°C ~ 85°C
Data Transfer Rate	Read: up to 250MB/s ; Write: up to 100MB/s**
Warranty	Lifetime warranty

\*1GB=1,000,000,000 Bytes. In OS system, it would be displayed as 1,000,000,000 Bytes/1024/1024/1024 = 0.93GB.

\*\*Transmission speed will vary according to different hardware / software conditions, therefore the data can only used for basic reference.
