WC06

# 2 IN 1 LIGHTNING CABLE

Charging Cable | WC06

**2 in 1 connector design. Cross system compatible with iPhone and Android mobile devices is easy to use and convenient**

WC06 is built in with Lightning and Micro USB dual connector. When you have mobile devices in both systems, the cross system compatible WC02 is all you need and spare you the trouble of purchasing another connector. Moreover, with the thoughtful strap design, you don't have to worry about losing it anymore.

**20cm length cable is most suitable length for walking or going out.**

**Aluminum connector is both solid and stylish. Reinforced braiding cable is super sturdy and pull resistant**

WC06 is using aluminum connector that is not only stylish, but it also has been tested numerous times on plug in and pulling to ensure it is both solid and durable. WC06 is also built with super reinforced braided mesh nylon to strengthen the cable and provide consumers a military grade cable that is solid, abrasion resistant and pull resistant.

**Premium grade copper wire for an even better charging performance**

The inside of WC06 is made of high density and conductivity copper wire material to decrease electrical impedance and reduce the power consumption caused by transferring through wire. Now you can have a faster and smoother charging experience.

Made for

  

**Apple MFi certified, compatible with any Apple devices is ensured**

WC06 can be widely used on any Apple device with a Lightning port, such as iPhone, iPad and iPod.
