

# WP10400

10400mAh POWERBANK

Power Bank | WP10400

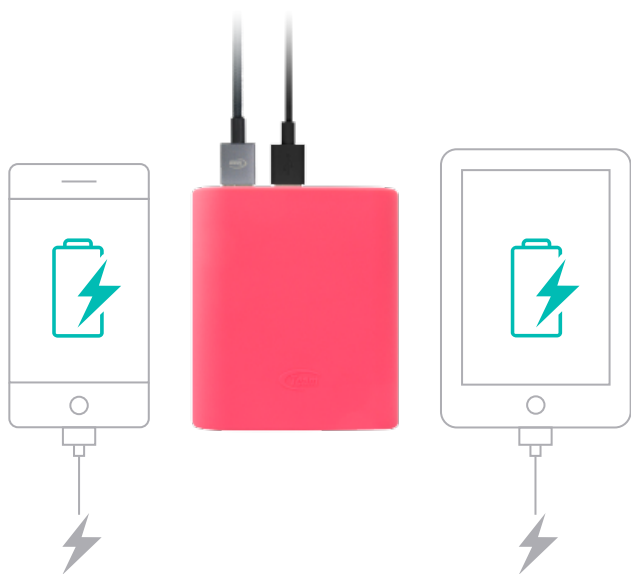

**Quality guaranteed with original LG Li-ion battery**

With original LG Li-ion battery inside, provides safety, stability and high efficiency.

**Exclusive protection comes with an exclusive style**

3 jelly protective cases are included. It is shock resistant and there are also three colors to choose from: Black, Blue, Pink.

### **3A dual USB output can charge both mobile phone and tablet simultaneously**

3A (1A+2A) dual USB power output is able to charge mobile phone and tablet at the same time.

### **Charging two times faster with high current output**

Rapid charging support offers up to DC 5V/2A power output and input. It can effectively reduce charging time and quickly recharge your mobile devices or WP10400.

**Fast Charging**  
INPUT/OUTPUT

### **Plug in and it is ready to work automatically**

With built in smart detection function, power will be turned on automatically for charging when connected with a mobile device. After fully recharged or disconnected, WP10400 will also turn off the power by itself.

\*The cable in left figure would not be supplied with WP10400. please contact with your local distributor for purchasing.

## Large battery capacity gives you the power to go anywhere

10400mAh of large battery capacity enables you to enjoy your mobile devices all day long.

\*The right figures are laboratory measured values, the actual use will be slightly different depending on the circumstances.

iPhone 6  
nearly **3.7** times

iPhone 6 Plus  
nearly **2.5** times

Samsung S6  
nearly **2.6** times

ZenFone 2  
nearly **2.5** times

HTC M9  
nearly **2.5** times

## Compatible with all brands of mobile phones and tablets

### Auto adjustment for output voltage

WP10400 is not only compatible with every brands of mobile phones and tablets including Apple, Samsung, LG, HTC, ASUS, Mi, etc., it can also automatically adjust output voltage specifically for each different device to achieve best charging efficiency.

## Carefully selected smart electronic component for complete safety protection

WP10400 is using newest smart control chips and charging/discharging chips. It not only maximizes charging efficiency, but also provides 8 major circuit protection mechanisms: overcharge protection, over discharge protection, overvoltage protection, over power protection, current leakage protection, short circuit protection, over temperature protection and automatic power off during abnormal status.

## Main Feature

- High quality LG lithium-ion battery inside. Safety and stability.
- 3 jelly protective cases are included, free to change your style.
- Total Max 3A Dual USB power outputs able to charge smartphone and tablet simultaneously.
- DC 5V/2A power input and output enable the fast charging.
- Built-in the functions of smart identification and auto power on / off will offer users a convenient experience.
- World-class circuit chip protection allows you to use safely without worries.

## Specification

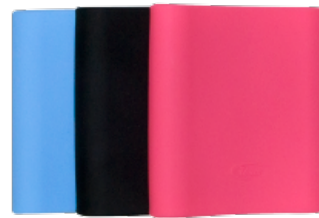

Item	Specification
Model	WP10400 (WP08)
Battery Capacity	10400mAh / 3.6V (37.44Wh)
Power Input	DC 5V/2A
Power Output	DC 5V/2A , DC 5V/1A (Total MAX. 3A)
Battery cell	LG Li-ion battery
Interface	USB x 2 , Micro-USB x 1
Dimensions	79.5 x 22.4 x 90.3 (mm)
Weight	230.7g
Warranty	1 Year

Contents :

Power bank
