

PASSKEY CODES

When pairing our Bluetooth GPS receivers with your mobile device, you might be asked for a PASSKEY code to complete the process.

The following four digit codes are required when using these models of Bluetooth BPS receivers.

Note that the codes use zero's and they are not letter "O".

PassKey: 0000  BT-368i	PassKey: 0000  BT-359C, W, S	PassKey: 0000  BT-338	PassKey: 0000  BT-321	PassKey: 0000  BT-335
--	--	---	---	---

PassKey: 2003  BT-308
