

Nite Owl® Spotlight

MEGA BEAM® 1,000,000 CP	8 AMPS
MID BEAM 300,000 CP	5 AMPS
MARINE BEAM 200,000 CP	5 AMPS
DUAL BEAM 200,000 / 100,000 CP	8 AMPS
MISER BEAM 75,000 CP	3 AMPS

Specifically designed to provide efficient, effective illumination using 12V DC power in vehicles. The impact-resistant nonconductive polycarbonate housing tolerates exposure to high lamp temperatures and weather conditions without deterioration. Each model features a sure-grip handle, on/off button and stainless steel non-rusting screws. Models include either a 6' or 10' straight cord with plug for a 12V DC receptacle or cigarette lighter receptacle. Numerous accessories and options are available.

Ideal for rescue missions, law enforcement operation, automotive roadside repair as well as recreation vehicles.

Specifications

Virtually unbreakable LEXAN® polycarbonate Housing with textured finish in Black. Alternate colors available.

Integral glass lens, reflector and lamp.

Anti-glare lens rim.

Stainless steel screws for non-rusting performance.

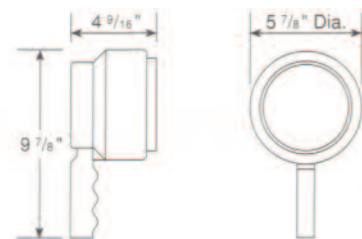

Sure-grip handle for balanced hold.

Six-foot or ten-foot straight cord.

Optional magnet or map light (white or red) and other accessories.

Dimensions

All polycarbonate components meet Underwriters Laboratories 746C tests for polymeric material and carry a flammability rating of 94HB or better on lenses and the superior 94-5V rating on housings.
