2015-2016
FORD TRANSIT
LIGHTING PACKAGE

A comprehensive guide to Whelen's lighting and warning products

Ford Transit Lighting Package

Whelen has engineered a wide variety of specialized products to fully customize your 2015-2016 Ford Transit. High intensity Super-LED® lightheads and model specific housings provide maximum warning and illumination to the front, rear, and sides of your Transit, getting you noticed at every angle, in every emergency. All are designed specifically for the 2015-2016 Ford Transit Medium or High roof, resulting in the perfect fit and insuring your safety and visibility.

Upper Side Adapter Flange Kit

Add unobstructed warning and illumination to the upper sides of your Ford Transit for 360° of critical coverage. Available for use with M9 or 700 Series lightheads, purchased separately for full customization. Chrome housing standard, available in Black. Housing is paintable to match Transit color.

M9 Series Models:

- High Roof**
 M9HTH5FC - Front Driver and Passenger Side
 M9HTH5RC - Rear Driver and Passenger Side
Medium Roof
 M9HTM5FC - Front Driver and Passenger Side
 M9HTM5RC - Rear Driver and Passenger Side

700 Series Models:

- High Roof**
 7HTH5FC - Front Driver and Passenger Side
 7HTH5RC - Rear Driver and Passenger Side
Medium Roof
 7HTM5FC - Front Driver and Passenger Side
 7HTM5RC - Rear Driver and Passenger Side

Light Pods

High intensity, Super-LED light pods assure better visibility, adding another level of warning and illumination to your Ford Transit. A durable Black ABS housing fits snug to front or rear roof and holds multiple M6 or 700 Series lightheads, purchased separately for full customization. ABS housing is paintable to match Transit color.

M6 Series Models:

- M6PTM5F - Front Light Pod, holds eight M6 lightheads, Medium roof
 M6PTH5F - Front Light Pod, holds eight M6 lightheads, High roof
 M6PT5R - Rear Light Pod (two piece), holds six M6 lightheads, Medium or High Roof

700 Series Models:

- 7PTM5F - Front Light Pod, holds six 700 Series lightheads, Medium roof
 7PTH5F - Front Light Pod, holds six 700 Series lightheads, High roof
 7PT5R - Rear Light Pod, holds six 700 Series lightheads, Medium or High Roof

LIGHTHEADS

M6V2 & M9V2

Reshape the future of emergency warning lights with the M9V, a new generation of compact, surface mount lightheads that feature Whelen's Super-LED® technology.

- M6V2 & M9V2 - 2-in-1 Combination Warning and Scene light

M6 & M9 Series

With a unique lens shape and patented Linear-LED® designed reflector assembly, M Series lightheads are completely illuminated for unmatched high intensity warning and low current consumption.

700 Series

Available in single or split colors, 700 Series Super-LED lightheads feature a hybrid TIR optic.

All Whelen lenses and domes are hard-coated to minimize environmental damage from sand, sun, salt, and road chemicals. Lightheads have a five year warranty. Sirens and Speakers have a two year warranty.

WHELEN®

M4 Mirror Mount Adaptors

Allows for easy mounting of an M4 lighthouse to the driver and passenger mirrors of the 2015-2016 Ford Transit. Lighthoods purchased separately.

Models:

- M4TM15B - Black, Pair
- M4TM15C - Chrome, Pair

M4 Intersection Flange Kit

Increase visibility to critical front lower intersection angles with high performance M4 lighthoods. Surface mount. Lighthoods purchased separately.

Models:

- M4TB15B - Black, Pair
- M4TB15C - Chrome, Pair

Micron™ Stud Mount

Stud mount Micron lighthoods are ideal for mounting on the face of the Ford Transit's narrow grille to meet the KKK 1822-F front lower requirements without obstructing air flow.

Model:

- MCRNTR - Red

Speaker and ION™ Bumper Mount Combination

Driver or passenger side specific SA315P 100 watt speaker for bumper mounting. Black ABS housing. Requires cutout. Lighthouse purchased separately.

Models:

- SPT5D - Bumper Mount Speaker, Driver Side
- SPT5P - Bumper Mount Speaker, Passenger Side
- SPTWIR - Wide-Angle ION with mounting bracket for SPT5D or SPT5P, Red

Howler™

Howler provides deep tones to penetrate other vehicles, alerting drivers and pedestrians of your approach. Works with any standard 100 watt siren. Includes mounting bracket.

Model:

- HWLTRAN5 - Siren Amplifier with one speaker

LIGHTHEADS

M4V2

Reshape the future of emergency warning lights with the M4V, a new generation of compact, surface mount lighthoods that feature Whelen's Super-LED® technology.

- M4V - 2-in-1 Combination Warning and Perimeter light

M4 Series

With a unique lens shape and patented Linear-LED® designed reflector assembly, M Series lighthoods are completely illuminated for unmatched high intensity warning and low current consumption.

ION™ Series

ION Series lighthoods feature advanced Super-LED optics and are available with a standard or wide-angle light spread for the utmost versatility.

**Replace symbol in model number with letter indicating lens color or LED color desired: A = Amber; B = Blue; C = Clear/White; R = Red*

All Whelen lenses and domes are hard-coated to minimize environmental damage from sand, sun, salt, and road chemicals. Lighthoods have a five year warranty. Sirens and Speakers have a two year warranty.
