Overview

Jester 12/24 is an ideal console for live and recorded playback control in smaller performance venues. With a rich but easy to use feature set, the Jester 12/24 delivers more than you would expect in a compact package.

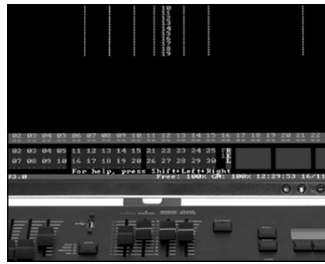

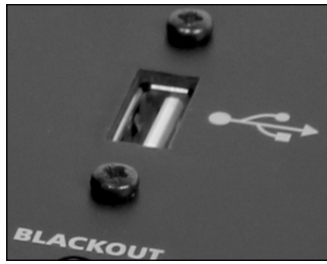

The three operating modes feature control in preset, program or playback including using a traditional theatre playback stack. The Jester 12/24 is a fully functional memory console complimented with on-board LCD display and plug-in monitor port as standard.

With 12 auxiliary buttons used to trigger DMX devices such as scrollers, smoke machines or strobes, MIDI capabilities, a USB port to back up shows and even a DMX In port for snapshot/backup use, the Jester 12/24 is truly a powerful and affordable choice.

* Monitor not included.
