

Wire to Board Connectors

Dynamic Series Connectors/D-3000 Series

Connector Mounting Hardware

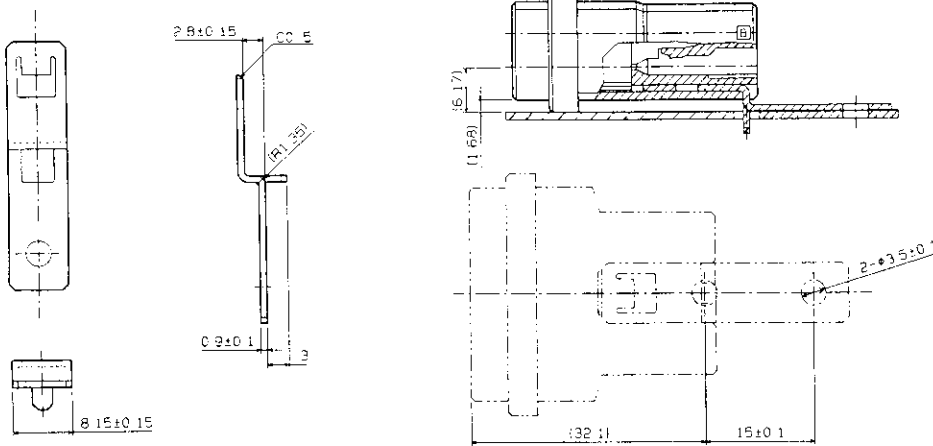

■ L Fittings

Used to secure free-hanging type tab housings onto panels. Two styles, large and small, are available, the former for large-size housings and the latter for small housings. Applicable housings are specified in the table of housings.

Part Number : 900121-2 (S)

■ External Dimensions

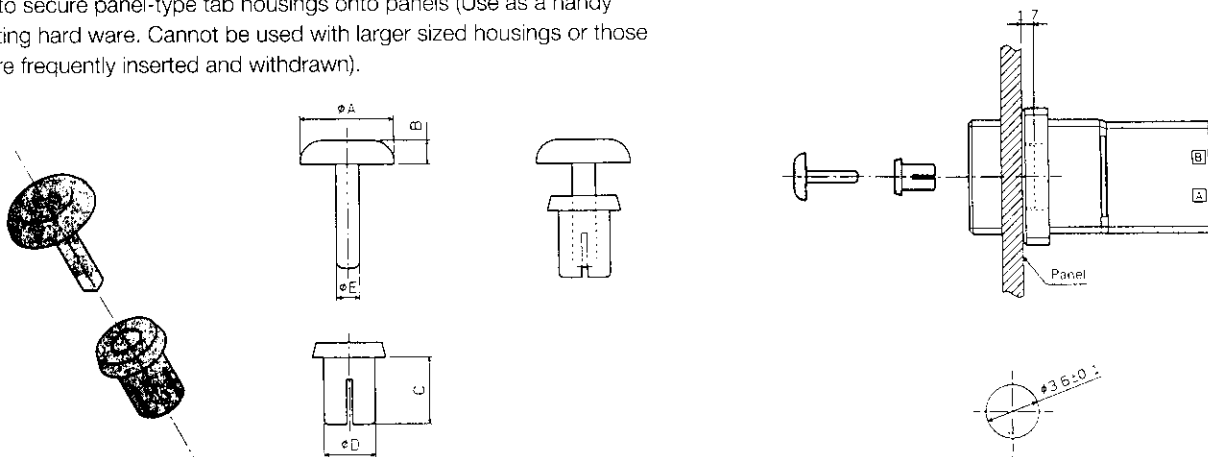

P/N : 900121-2 (S)

The location where housing is attached varies by series and size. Check with sample.

■ Push Rivets

Used to secure panel-type tab housings onto panels (Use as a handy mounting hardware. Cannot be used with larger sized housings or those that are frequently inserted and withdrawn).

Recommended panel hole dimension

Part Number	Panel Thickness	Dimensions					Insertion Force	Retention Force
		A	B	C	D	E		
900128-1	0.3-1.3	6.4	1.6	4.5	3.5	1.95	19.6N~29.4N	127.4N Min.*
900128-2	1.3-2.3	6.4	1.6	5.5	3.5	1.95	19.6N~29.4N	127.4N Min.*

*When 2 push rivets are used.
